

TECHNICAL RIDER – 12. Juli 2021

TECHNICAL RIDER

damn!escape

12. Juli 2021

INFO

If one or more specification cannot be fulfilled or are unclear don't hesitate to contact us. The Band travels without their own sound or lighting technician. We are happy about enthusiastic sound and lighting technicians.

PA

The PA must be able to transmit loud rock music according to the size of the event. The PA should be set up and functional when the band arrives.

MONITORING

- 3x Wedges
- 1x XLR AUX OUTPUT to Dennis InEar-Rack
